Commander's Message

Korean War Armistice Day on July 27

The **Korean Armistice Agreement** is the armistice that brought about a complete cessation of hostilities of the Korean War. The Armistice was signed on July 27, 1953, and was designed to “ensure a complete cessation of hostilities and of all acts of armed force in Korea until a final peaceful settlement is achieved.”

During the 1954 Geneva Conference in Switzerland, Chinese foreign minister Zhou Enlai suggested that a peace treaty should be implemented on the Korean peninsula. However, the U.S. secretary of state, John Foster Dulles, did not accommodate this attempt to achieve such a treaty. A final peace settlement has never been achieved. The Armistice formally divided the Korean peninsula, despite it being a united country for thousands of years before 1945.

The signed Armistice established a “complete cessation of all hostilities in Korea by all armed force” that was to be enforced by the commanders of both sides. The armistice is however only a cease-fire between military forces, rather than an agreement between governments.

No peace treaty was signed, which means that the Korean War has not officially ended. The armistice established the Korean Demilitarized Zone (DMZ). The

The building in which the Korean Armistice Agreement was signed now houses the North Korean Peace Museum.

DMZ as agreed is a 2.5-mile - wide fortified buffer zone between the two Korean nations and is the most heavily defended national border in the world.

With all of the current news about North and South Korea, let us remember this is still an ongoing conflict and pray for peace.
